What do your customers ask?

What your customers ask

People ask the AI in their own words.

The platform asks the same way, in each market you sell to.

Questions buyers ask

Four questions from the Gulf

“best place to buy a laptop in Kuwait”

“where to buy a laptop and books in Riyadh”

“best food delivery app in Doha”

“best online shopping site in the UAE”

Asked in Gulf Arabic and in English.
Written the way people type them.

Question by question

Who gets credited for each question

AI engines cite different sources depending on the wording, the language and the intent. We break down every high-value question in your category.

Every measurement runs in both languages.
