Who replaces you in the AI's answer?

Your competitors

Side by side share of mentions.

Know the moment a rival replaces you in ChatGPT or Perplexity.

Citation benchmark

Counting mentions is useless without the comparison.

How often each player in your category gets cited by the AI, and whether you lead or trail.

What you see

The platform shows exactly

01 Where competitors are ahead.

02 Which questions you lose.

03 Which sources matter most.

The citation gap

A trusted source the AI quotes for your category, citing your competitors, not you.

These are your press, content and directory to-dos.

Who is named instead of you?
